

In search of a native speaker...

I am looking for someone (male or female) who is native speaker English/American/NZ, etc. and likes to get in contact with a German who writes music and who needs some support and correction with his lyrics. You should have some sense for rhythm and rhyme. If you`re fond of singing (or playing) this is clearly not of disadvantage. :-)

Practicing and improving your German with me is easy to do. I am an uncomplicated, communicative and hopefully pleasant guy running his small private recording studio in ----- . Unfortunately this town is situated approx. 50 km off Marburg but the distance can be bridged, right? Look, you came here to Marburg/Germany, hundreds or thousands of miles from home - and now ----- is almost nearby. Just give me a ring or send me an email and your first step has been made.

PS: And if you are fond of dogs as well, this would be simply perfect. :-)
