

Like a ship without a captain

Bm Em
I'm sailing through my life alone
Am G
All my dreams and friends are gone
Bm Em
Got no money, got no pleasure
Am C
But fortunately not even pressure

***D Em
Like a ship, without a captain,
A F#
Like a voyager, lost at the sea
F C
I lived my life, with no satisfaction
G Barre A
Sailed aimlessly into infinity***

Bm Em
I'm listening to my inner voice
Am G
But all I hear is disruptive noise
Bm Em
Nothing to ruin nothing to lose
Dm D
Just trying to leave behind my blues

***F# Em
And on and on and on I'm sailing
D Em
Trough dark waters, floods and fear
Em D
Everything 'round me is failing
F G
My only wish is to have you here***
