I'm stressed, depressed, I'm really a mess, 'cause I can't get over you

It's no lie, I try - to open my mind

F# Em
To the thought of someone new - will I ever be the same

F#
I still get weak at the sound of your name

Hm

I'm dazed, I'm crazed, and a little amazed and I can't shake loose of this

Em
I'm confused, 'cause you - say you love me too

But I don't feel it in your kiss - you whisper words I wanna hear

F#
The trouble is - you're just not sincere

You keep disappointing me and makin' me cry, I want to believe you and I ask myself why
